Association for Computing Machinery

Founded in 1947, ACM is the world's first educational and scientific computing society. Today, our members - over 80,000 computing professionals and students world-wide - and the public turn to ACM for authoritative publications, pioneering conferences, and visionary leadership for the new millennium.

A több, mint egymillió kötetes Egyetemi Könyvtár már a Szegedi Universitas tényleges megalakulása előtt évtizedekkel univerzitás-könyvtárként műköött, hisz "anyaintézményén" túl könyvekkel láta el az összes szegedi felsőoktatási intézmény szinte valamennyi hallgatóját. A mai, mintegy 15.000 beiratkozott olvasó nagyrésze így egyetemi-főiskolai polgár, illetve szegedi vagy környékelbeli lakos, nemrőlkán egykorú szegedi diákok. A mintegy 50 fős szakembergárda és a csaknem 20 fős kisegítő személyzet tehát nagyon kiterjedt tudományos és oktatói kör ellátásáról, kiszolgálásáról gondoskodik, s azon igyekszik, hogy az elektronikus hálózatok révén minden tágabb környezetének is hasznos információkat nyújtson.
